Jacques Borgetto

Thierry Dumanoir

This book collects images made recently by Jacques Borgetto as part of a residence in the city of horses at Maisons-Laffitte. Usually his favorite field is related to the trip to Argentina, Chile and Tibet.

This new series of photographs is far from any exotic as its very author who moved his own person, his own loneliness and his own perception.

Jacques Borgetto comes during the months from March to May immerse themselves in the middle of horse racing at Maisons-Laffitte. The result of this immersion gives rise to this book and an exhibition. Last year we published the book *Pur-Sang* Klavdij Sluban with him and Diana. The photographer takes us, discover or analyze fragmented frames in black and white on the inside of a closed environment.

An exhibition will run at Maisons-Laffitte in the framework of "Troisièmes photographic meetings" on the topic of horse racing from June 25 to October 30, 2011.
