

# Pneus & A day with the Creeleys

Bernard Plossu

## Number 1 *Pneus*

"Photo tires, it does not really interest, that's why it interests me!

That's maybe that, photography,  
these small neuroses of useful experience,

This narrative utopian envy drive ...

???

As a natural practice

Ubuesque expression"

Bernard Plossu

## Number 2 *A day with the Creeleys*

"It was pleasantly sunny the day we drove down from Santa Fe to Albuquerque to see our friends the Creeleys, Penelope and Bob.

The sun in winter is milder than in summer in the vast American West. Their son Will was 3 and ours, Shane, was 5.

Inside the house, a wood fire was purring . We stayed mostly outside, on the patio, chatting , just being together.

We probably talked about our mutual friend Denis Roche, far away in Paris.

It was the kind of day when time slips away deliciously, when you are thankful to share such moments of life..."
