

# Voyage Sylvie Faur

*Voyage* is an illustrated project by Sylvie Faur, centered around ten residents of the Maison nationale des artistes in Nogent-sur-Marne. This book blends drawings and comic art, capturing the intimacy of the interviews through quotes, places, memories, and a dialogue between realism and imagination.

With deep respect for the individuality of each story and the unique phrasing of the residents, every page creates a resonance between text and illustration—sometimes guiding the reader, sometimes inviting reflection.

The title *Voyage* evokes the emotional and human encounters with individuals far removed from our everyday lives, echoing the feeling of returning from an unfamiliar country—rich with impressions, emotions, and unanswered questions.

Paris-based illustrator Sylvie Faur explores here the connection between memory, drawing, and emotion, staying true to her art of making the invisible visible.
