Donate to discover, know, appreciate African photography, this is the purpose of the collection Afriphoto. Create this new collection stems from a desire to provide a space for expression to the creativity of African photographers and from the continent, and give to see a photography or older, revealing very personal visions of artists on their world, on a continent too often seen from one angle. In four books a year, offered as a package, with this co Africultures offer another view on the African continent.
